

A PRODUCT FROM

BioClean

Biological Surface Cleaner

Bio Clean is formulated using a unique blend of 'friendly bacteria' that breaks-down even the most stubborn of stains to leave any hard surface sparklingly clean and with a pleasant, longlasting fragrance.

A versatile multi-surface cleaner and odour neutraliser that is suitable for use on:

- ✔ Flooring including, wood, linoleum, laminate and carpets
- ✔ Surfaces in bathrooms and kitchens, sinks and tiles
- ✔ Fabrics & textiles

Powerful & effective

Digests dirt, grime, urine stains, fats, oils & grease

Bleach free

Biological, biodegradable & environmentally friendly

Pleasantly fragranced

Contains a fresh aroma & removes odours

Effective stain remover

Removes stains from hard surfaces & textiles

Long lasting

Continues to work long after application

How to use

The unique blend of bacteria in Bio Clean continues to work long after application. Used regularly, Bio Clean establishes a powerful bacterial action on surfaces, that over time will help reduce the amount of Bio Clean you need to use.

Cleaning of hard surfaces such as floors, urinals, toilets, sinks and showers

Apply to surfaces, wipe and leave to dry naturally

To freshen fabrics

Spray onto fabric surface from a distance of approximately 1 metre and allow to dry

To remove odours

Spray liberally on and around the source of the odour and leave to dry

Drain line odours

Apply one spray dose nightly to the drain line

Organic & urine staining on carpets and textiles

Wet surface with warm water, apply Bio Clean and allow to dry

NB: When using Bio Clean of fabric or textile, as with any cleaning product it is recommended that you test an inconspicuous area first to avoid the risk of water spotting. When using Bio Clean, avoid using in conjunction with bleach, caustic / alkaline based products or disinfectants as they will affect its performance.

Pack sizes

Description	Case Size	Order Code
READY TO USE		
 750ml trigger spray	12 per case	BIO-CLNR-750TS12
 1 litre trigger spray	12 per case	BIO-CLNR-ITS12
