

Grease Control Sachets

Weekly Biological Treatment for Grease Traps

Designed for ease of use and for the smaller catering application, Grease Control Sachets quickly digests Fats, Oils and Greases (FOG), reducing malodours and so reducing the need to manually clean fat traps.

KEY PROPERTIES

A blend of powerful bacteria powders selected to digest FOG in drain lines and fat traps. Contains only Type one bacteria, i.e. safe for long term exposure..

- Biological
- Labour saving
- Liquefies fats, oils and greases (FOG)
- Reduces blockages and odours
- Environmentally friendly

APPLICATION

- Dissolve one Grease Control Sachet in a 10 litre bucket of warm water and pour down drain lines.
- Repeat weekly.
